MAKE YOUR TOTAL SALE MORE PROFITABLE WITH THESE "ADD ON ITEMS"

CORE-FILL GROUTS

A flowable grout used for filling masonry block cores.

- Pumped or poured applications
- Use Fine Core-Fill Grout when grout space is less than 4 inches in either direction
- Use Coarse Core-Fill Grout when grout space is greater than 4 inches in either direction

POLYURETHANE NON-SAG SEALANT

A high performance, construction grade polyurethane sealant designed for vertical and overhead surfaces. The non-sag formula provides superior adhesion and flexibility.

Use For:

- Expansion joints in concrete wall panels and stucco walls
- Sealing around window and door openings
- Sealing cracks in concrete, stucco and masonry surfaces

BACKER ROD

Foam rope used to partially fill large gaps and joints before applying sealant. Use for vertical applications, such as masonry expansion joints. Available in 3/4" and 1" diameter, both in 20 foot lengths.

MASON MIX

High strength, contractor grade, pre-blended mortar mix. Mason Mix contains properly graded masonry sand and requires only the addition of water.

Use for structural & non-structural masonry applications above and below grade:

- Walls
- Brick/stone veneers
- Columns
- Tuck pointing

* Also available in 3000 lb. bulk bags

VENEER STONE MORTARS

A Portland cement and hydrated lime based mortar designed for veneer applications and tuck pointing of manufactured and natural stone.

Also available in Polymer-Modified and Natural Stone formulas.

- Apply directly to concrete and masonry surfaces or over expanded metal lath
- Superior bond strength
- Consistent, pre-blended mix

STUCCO & MORTAR COLORS

Adds a decorative touch to stucco and mortar projects. Add to mixing water and then mix colored water with dry mix. Provides permanent integral color.

Use with any of our mortar or stucco products including:

- QUIKRETE® Finish Coat Stucco
- Mason Mix
- Heavy Duty Masonry Coating
- QUIKWALL®
- One Coat Fiberglass Reinforced Stucco

20 colors available. Textured color chart available.

REBAR

Structural steel for vertical support. Encase rebar in core-fill grout in every other masonry core for load bearing applications.

GUIDE TO CONCRETE BOOK (No. 6924)

The QUIKRETE® GUIDE TO CONCRETE book provides practical instructions and clear step-by-step photos to help accomplish the most popular projects and repairs made with concrete, masonry and stucco products.
