QUIKRETE® LENDS A HAND ON AMERICAN LEGION REHAB

ALPHARETTA, Ga. (Nov. 19, 2013) – The QUIKRETE® Companies, the leading manufacturer of packaged concrete and related products for the building and home improvement markets, recently joined The Home Depot Foundation and 250 volunteers to give American Legion Post 201 a much needed rehabilitation. Built in 1968 and located on 13 acres in North Fulton County Ga., American Legion Post 201 received significant renovations including improvements to the baseball field, landscaping, exterior repairs, a new porch and beautification to the brick memorial that celebrates thousands of military servicemen and women.

QUIKRETE® provided the materials and labor to rebuild and waterproof a 100-foot long by 4-foot high block wall as well as transform the distressed memorial that serves as the focal point for all that visit American Legion Post 201. QUIKRETE® 5000 (210 60-pound bags), QUIKRETE® Mason Mix (168 80-pound bags), QUIKRETE® Masonry Waterproofer (10 gallons) and QUIKRETE® Acrylic Textured Coating (five gallons) was used on the project.

“This is an enormous contribution by Home Depot,” said Marty Farrell, Post 201 commander. “I can’t begin to express our level of gratitude. This is the biggest, most significant contribution to the organization since it’s been located here.”
